# Shape your style

Heritage has been the first name in luxurious bathrooms for over 30 years, transforming thousands of homes across the UK and every year since our humble Bristol beginnings in 1985. Since the very beginning, we have always strived to give you the best choice and flexibility around, so you can shape our styles to create your dream bathroom.

At Heritage, we go the extra mile to give your bathroom that personal touch. With vibrantly versatile suites like Dorchester, you can customise every inch of your dream design, from signature basin styles to practical aspects like the number of tap holes and even paintable cast iron baths for beautifully crafted, bespoke designs. If you can imagine it, we can help make your dream bathroom a reality.

# Loved by boutique hotels

Our products are first choice for a range of boutique hotels and exclusive venues. When it comes to adding boutique luxury to your bathroom, Heritage is the perfect choice. And our designs are just the thing for transforming high-end properties into the most stunning of spaces. We lead the way in the UK for freestanding baths – and what says indulgent relaxation more than a luxuriously deep bubble bath? Our collection balances striking style statements and lustrous finishes with details that ensure the ultimate in customised design. The options are endless. You'll be spoilt for choice.

“Truly unique  
Alrewas Hayes is a truly unique venue, often used for special events, including weddings so we wanted the accommodation to be beautiful. Our bathrooms are now luxurious relaxing spaces where our guests can unwind, supporting our ability to offer a 5 star experience.”

Bonnie Williams, Managing Director

I have used Heritage products in a number of houses that I've worked on. I love the designs as they are elegant and traditional, but with a contemporary edge that has really helped to make some of the bathrooms that I've designed stand out from the crowd. I think that bathrooms should be as luxurious as possible and their selection of freestanding baths and sinks are perfect for this!

*Laura Butler-Madden, Interior Designer*

# Dream designer bathrooms

With elegant designs, stunning colours and timeless styles, it's no wonder that Heritage is the brand of choice for the finest interior designers.

Laura Butler-Madden is an experienced interior designer and blogger based between London and Bath. She particularly enjoys creating designs which complement the history and architecture of the homes she's working in, while being fresh, unique and modern. Laura loves using antique pieces in her designs and strives to create spaces which are elegant, functional and timeless.

Hallmarks of Laura's work include a dedication to amplifying and highlighting traditional features and restoring them where they are missing. She is inspired by nature, art and fashion and loves using beautiful items to create a timeless and beautiful aesthetic with a unique and clear identity.

# *Trends and style*

At Heritage, our product development is shaped by the latest fashions. For over three decades, we've been blending the best in British engineering with classic designs and cutting-edge trends. Teaming up with interior design consultants, we bring you beautiful bathroom products, that are practical and stunning in equal measures.

It's time to think differently. While our suites are undeniably period-inspired, they're also a blank canvas. Style traditional pieces your way to create a room with a thoroughly modern feel. Play with colour. Mix old and new. Tiling, panelling and wallpaper are yours to experiment with. We've got a wealth of expert trend ideas to spark your creativity. # Quality that lasts

For decades, Heritage bathrooms has effortlessly combined iconic pieces with unbeatable quality and service. Crafted from the finest materials and rigorously tested, our products guarantee you a bathroom with timeless style that's made to last.

## *Colour matching*

Never settle for second-best. We take the guesswork out of colour matching, using a spectrophotometer to ensure a perfect hue every step of the way.

## *The finest materials*

You can't make the best bathrooms without the finest materials. That's why we only use world-renowned Cornish Kaolin clay for ours.

## *Showers tested*

Our showers aren't just tested, they're life-tested. Our engineers put them through the equivalent of 130 years of use, so rest assured yours will last and last.

## *Forensic standards*

We pride ourselves on outstanding quality – right down to the smallest details. That's why our Quality Testing Laboratory is uniquely accredited by the United Kingdom Accreditation Service (UKAS), to the same standards of a forensic lab.

## *Taps tested*

Ours have been put through their paces, tested up to 5 times more than standard UK water pressure with hundreds of thousands of on/off cycles to ensure a perfect flow.

## *Laser precision*

We know the importance of things being just-so. Just like our logo, which is always laser-etched onto our sanitaryware to make sure it's perfectly parallel to the water-line.

Granley Deco basins on pedestals, page 52

### Wall hung

Stay modern with this compact look.

### Pedestal

Classic for a reason, enjoy a clean finish with no trace of pipework or waste.

### Washstand

Pair the latest boutique options with a shelf for stylish storage.

### Furniture

Practical and sleek, take your pick between semi-recessed, sit-on or freestanding options.

### Console

Make a splash with this grand and stylish statement piece.

### Space saving (corner/ baby and cloakroom)

Styles for even the smallest spaces.

Dawlish taps, page 168

## Finishing Touches - Add Your Taps

From single basin mixers to pillar taps and stylish three-tap hole mixers, there's lots of choice when it comes to what bathroom taps you want. Our collection includes 1, 2 or 3 tap hole choices to match the holes set in our basins.

See pages 164-207 for our taps range.

### Plugs

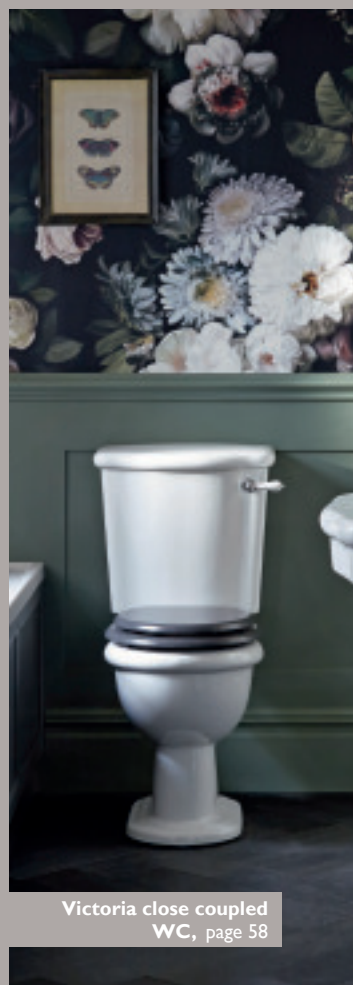

Most of our taps include a waste, but if not, you can still source them from us. If you've selected a wall hung and console basin, where the underneath of the bowl is exposed, you may need a bottle trap as well. Any questions? We're here to guide you.

## Choose your WC

Your WC has two parts, you'll be spoilt for choice when it comes to our pan and cistern options.

Claverton close coupled  
WC, page 30

Victoria close coupled  
WC, page 58

### Wall hung

Create a simple, elegant look for modern bathrooms or smaller spaces with wall-hidden cisterns.

### Back to wall

Looking to feature fitted furniture? This paired back look with concealed cistern is ideal.

### Close coupled

Keep your toilet pan and cistern together, with portrait, landscape and corner cistern designs available.

### Low level

Try it the traditional way, with a separate pan and cistern. Don't forget the separate flush pack too!

### High level

Go all out with a high cistern and a long, ornate chain pull. Don't forget the separate flush pack too!

## Customise your WC

Looking for the perfect pan? Many of our ranges come in both standard and comfort height. Comfort height designs reach 5-7cm higher, ideal for those of us with long legs, reduced mobility or that simply prefer a taller loo.

### Cistern levers

Got your bathroom brassware planned out? We've got a wide range of different cistern levers to match your dream look, find them all on page 67.

### Toilet seats

Our toilet seats come in 10 stylish colours, with wood, painted or acrylic finishes all available. Plus, you can choose between Chrome, Gold or Rose Gold hinges or a soft close option in chrome.

# Blenheim suite

Drawing design inspiration from the English Baroque era, this elegant suite is all about sweeping style statements. Inspired by Blenheim Palace in Oxfordshire, it's a classic range featuring pieces like a striking console basin with elegantly tapered legs and a commanding high level toilet. A suite that's perfectly suited to a generously proportioned room, in a modern or traditional property, consider a fitted or freestanding bath as part of your design.

# Granley Deco suite

Granley Deco's angular, art-deco lines are reflective of the historic, listed, Barber Institute of Fine Arts in Birmingham. A neat design that's beautifully proportioned to reflect the period styling of 1930's Britain, it's a chic and simple bathroom option. Amazingly flexible, it's a perfect choice for smaller spaces.

# Granley Deco

A nod to on-trend 1930's décor with compact proportions, that work wonderfully in smaller spaces.

# Victoria suite

Taking artistic influence from the Royal Albert Hall, Victoria includes regal touches, like distinctive ellipses and smart lines, inspired by this iconic building. Pottery edges and console legs pay homage to the hall's ornate mosaic frieze, adding a sense of opulence to your bathroom. A perfect opportunity for boutique styling, it's a timeless classic with a flamboyant twist.

# Victoria

Elegant, opulent and ornate, style your way for a bathroom with a hint of boutique luxury.

# Baths

At Heritage, our enviable collection of baths, for interiors of all styles, will transform your bathroom into a fabulously indulgent space.

Our selection of cast iron baths, in all shapes and sizes, are crafted for superior quality. While our white finish acrylic baths are available in styles to suit all rooms. From angular designs like Penrose, and modern classics such as Grantham, to contemporary looks like Polperro.

Push the boundaries of your dream bathroom, and consider a statement metallic finish or leather effect bath, created by hand for the ultimate luxury. Or explore on-trend options, including our new marble look bath.

Engineered for unwavering performance, our fitted baths feature heat-retaining technology. It's thanks to our solid skin construction with integral insulations, that you can soak in comfort for longer.

# Paint your bath

Our signature cast iron baths offer endless possibilities for making your bathroom your own. Whether you're looking for a totally immersive, double ended bath or an elegant slipper, you'll find it at Heritage.

Engineered to the highest standard and crafted to superior specifications, our elegant cast iron baths feature two layers of grade AA white ripple enamel for exceptional durability and stain resistance, ensuring your bath retains its gorgeous lustre.

Heritage cast iron baths are designed to be customised with a paintable exterior. This gives you the freedom to create a look that's uniquely yours. Each comes sanded and primed in a dark grey undercoat ready for you to paint. Choose a subtle colour to match the serene mood of your bathing space, go wild with a pop of on-trend colour or perhaps add pattern with a stencil?

With a lifetime warranty for your complete peace of mind, our cast iron baths can be updated and repainted to transform your bathroom look, whenever you want.

## Finishing touch

Conceal unsightly pipework with glistening standpipes and shrouds matched to your brassware. Choose standpipes for baths without tap holes and shrouds for deck mounted taps and mixers. Both can be cut to size to fit your bath height.

# Acrylic baths

What makes Heritage's acrylic baths so revolutionary? It's simple, our effortless combination of strong, rigid construction with a light-touch finish means they're tough as nails, but easy to manoeuvre – and no floor reinforcement needed!

All our baths are smooth as silk too, with a wonderfully glossy acrylic finish that you'll never get tired of running your hands over. What's more, there are ten luxurious styles in white, designed to suit all types of bathrooms – whether you're looking for a space-saving solution like the compact Baby Oban or an indulgent tub to splash about in.

Or you can put a stamp on your bathroom with our six statement finishes. Catch the eye with the unique metallic collection, try a touch of texture with our hand-finished Alderley leather-effect bath or really up the ante with striking pieces like the brand new on-trend marble effect and statement black editions. With so many styles on offer, you'll find a look to love, every time.

# Fitted baths

## Solid skin fitted baths

Every one of our fitted acrylic baths comes with solid skin technology. Designed and engineered in the UK, it's a multi-layer reinforcement system that keeps your bath warmer for longer - thanks to a full timber frame, encapsulated baseboard, extra insulation and a distinctive reinforced underside finish in hallmark Heritage purple.

Heritage fitted baths bring together practical touches and tailored style. Compact in size, they're a space saving solution for more bijoux rooms, and a perfect choice if you're looking to position a shower over the top.

Innovation is at the heart of all our products, and our fitted baths are no exception. Featuring Solid Skin technology – a multi-layer reinforcement system – they offer enhanced rigidity and extra insulation, for a bath that stays warmer for longer.

With 13 stylish bath designs to select from, and high quality bath panels in a choice of six finishes, your perfect option is waiting to be picked.

### Encapsulated base board

- 1 LAYER ONE** - Outer surface. High gloss acrylic. Solid colour won't fade or rub off.
- 2 LAYER TWO** - Glass reinforced polyester provides strength and high impact resistance.
- 3 LAYER THREE** - Special mix of polyester resin and glass fibre increases torsional rigidity.
- 4 LAYER FOUR** - "Purple" mix of Polyester resins seal the shell and completes the lamination.

Our bath panel sizes are to suit our fitted baths. Some variation in size may occur due to the materials used and manufacturing tolerances. Our bath panels are also supplied with a plinth to accommodate varying heights and installations.

Heritage acrylic panels are manufactured from high impact white polymer for a sturdy, structural finish. The front and end panels interlock to provide a neat join. The 800mm end panel should be trimmed to size for 700mm and 750mm baths. Fixed height 515mm

# Furniture

At Heritage, we understand how important storage space is in your bathroom. With this in mind, we've designed a collection of furniture that adapts to your needs, making your busy family space both functional and stylish.

Whether your home lends itself to fitted or freestanding furniture, all Heritage options are expertly crafted to blend quality and durability for years to come. We only use wood from sustainable sources, and every piece is checked by a spectrophotometer – which means, quite simply, that we ensure colours conform for a consistent look.

Our high level specifications focus on the smallest of details. Like soft close doors for a boutique hotel feel, and adjustable legs to ensure perfect lines on uneven floors. The glass in our doors and mirrors is CE marked and furniture edges are rounded for safety.

With hundreds of configurations, you can customise every inch and create a design that's exclusively yours. Mix and match colours, choose your preferred worktop, select the handle you love. Finish the look with coordinating bath panels and toilet seats, for an effortlessly unified design.

## *More luxury*

Be on trend with his and hers basins.  
Create an impact and more space with  
distinct areas for you both by choosing  
a dual wall hung vanity unit.

# Furniture trends

Use our collection of furniture to tap into the latest trends and create a bathroom experience of your dreams.

- ~ **Wellness** – lower your stress levels by keeping your bathroom a tidy haven, with simple storage to clear clutter away in a flash and change the mood.
- ~ **Individuality** – get the trendy look you want with countless customisable options, from fitted furniture to elegant accessories.
- ~ **Clutter free** – from the bathroom to the bedroom, it's never been more important to maximise the space you have. Jump on board the latest interior trends, which are combining concealed and open storage solutions.

# Small spaces

Carefully planned storage is important in every bathroom. But when space is at a premium, it's essential. Tiny en suite? Compact cloakroom? Heritage collections work wonderfully in all smaller spaces.

Create an illusion of more space with wall-mounted units, to free up the floor area while incorporating useful storage, for everything from family essentials to towels. Our collection of wall hung units offers one and two-drawer versions. But the choice is yours when it comes to configuring them – go for a single unit or double up, for a luxurious 'his and hers' style. Thanks to different basin choices, including the glamorous Chiswick Vessel Basin, you can work this style into classic and modern designs. This option also gives you additional worktop space for placing your essentials.

To make the very most of every inch, consider Heritage fitted furniture. Our compact storage options can be combined with wall hung toilets and smaller fitted baths. The result? A simple, elegant look which maximises room space. Better still, we deliver them fully assembled, making installation effortless. It's all part of the Heritage experience.

# Storage solutions

For even more storage and a footprint that is no bigger than the basin, opt for our freestanding vanity unit. With handy double doors and an internal shelf, it offers optimum storage to space ratio.

# Fitted furniture

If you're looking to maximise space and storage, fitted furniture is a natural choice.

Our Caversham collection offers a broad range of options, which can be tailored to any space – whether you have a bijoux cloakroom or generously proportioned bathroom. The beauty of Caversham is its flexibility. Allowing you to carefully plan your space, you can transform your bathroom to include plenty of useful storage space.

Our toilet and vanity units come in different widths, with drawers, open shelves or cupboards, in a selection of colours and with a range of worktops. All this adds up to a unique design, which dovetails seamlessly with your space and style.

We're dedicated to detail, too. Adjustable legs help if floors are uneven, while plinths finish off the bottom of the furniture for sleek lines and carefree cleaning. Difficult spaces or uneven walls? Don't worry, because filler panels cover any awkward gaps. Create a polished look with decorative end panels – finishing the end of a furniture run whilst matching toilet seats and bath panels, to tie your dream look together.

Painted in on-trend shades, the wood grain of Caversham shows through to add a natural feel. We test all items with a spectrophotometer to ensure colour matching, for your perfect aesthetic, too.

## *Quality assurance*

We know that practicality is key, so rest assured our hard wearing furniture surfaces are easy to wipe clean. Perfect for everyday family life.

# How to build your furniture

Are you looking for a sleek and stylish solution to storage issues in your bathroom? Then look no further than our new and improved range of beautiful fitted furniture.

Available in three on trend shades and with a variety on simpler sizes to make choosing the right combination of individual pieces easier than ever.

## Measure your space

Start by carefully measuring your bathroom. Knowing how much room you have is a vital first step in the journey to redesigning your space. Take note of pipework and think about how doors will open near your new furniture, so you can make sure it will fit into the space you've got.

Caversham fitted furniture in Graphite.

Caversham fitted furniture in Dove Grey.

## Choose your storage

Finished measuring up? Now it's time to decide what sort of storage you need, balancing functionality with style.

### Base units

Base units are units that fit onto the floor. There are several options to choose from including cupboards with single or double doors, open storage units or a set of three handy draws.

### Including basins and back to wall WCs?

If you want to get even more out of your fitted furniture choose from our vanity and WC units that are suitable for semi-recessed basins and back to wall pans from our Claverton (p.30), Dorchester (p.37) and Granley (p.44 - 45) suites.

### Wall units

As the name suggests, these units are wall mounted and have a similar selection of options to base units but with the added feature of units that sit onto your worktop to create a framing effect for your furniture.

You can also make the most of small spaces by opting for a mirrored wall unit combining an essential bathroom mirror with storage.

## Select your extras

At Heritage we've thought of the important extras that really make your bathroom come together. We have gable ends (decorative panels) to neaten furniture that is not enclosed by a wall, plinths to complete base units and hide untidy pipework and much more!

Got a little extra space? Don't worry we also offer filler panels to fill in gaps around your furniture.

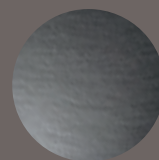

Looking for something special? Our new bridge and cornice options mean you can create a truly enviable vanity area - you can even add lighting for the perfect place to prepare for the day ahead.

## Choosing your colour

The Caversham fitted furniture range is available in three different colour finishes.

Ivory Lace

Graphite

Dove Grey

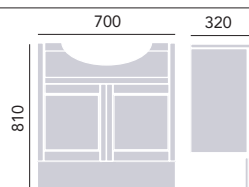

## Finishing touches

Complete the look with matching bath panels in a number of sizes to suit our fitted baths, and toilet seats with four hinge options (p.66).

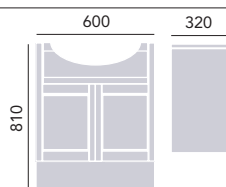

We've also got a new and improved range of handles (p.156 - 157) to give you on-trend options and a host of new worktops (p.153) to choose from to really make your bathroom unique to you.

# Washstands

Transform your bathroom with a touch of Heritage glamour, by adding a washstand under your basin. Our collection taps into the trend for a dressing room feel, bringing a vintage influence right up-to-date with modern day finishes.

Available with a variety of basin taphole choices – and options of Chrome, Vintage Gold or Rose Gold – all have a high gloss finish and pair beautifully with our matching taps. Why not add a towel rail? Or shelves for storage, particularly if you're designing a cloakroom?

Our craftsmanship is as uncompromising as our design ethos. Every washstand is made to rigorously consistent standards, using high quality polished brass, with no bubbles or ragged edges, to create the smoothest of finishes.

So, if you've dreamed of adding opulence to a modern bathroom, this is your chance to create a space reminiscent of a boutique hotel.

Blenheim Basin and Abingdon Washstand in Rose Gold.

# Taps & showers

Our taps and showers are the finishing touches and the crowning glory of your dream bathroom. Created by our UK designer team, each piece is crafted to provide a luxury experience. Whether it's the soft flow from a basin tap or the drenching experience from our sumptuous showers, at Heritage, we pride ourselves on a collection that suits all tastes and styles.

Special edition finishes elevate your look even further. Midnight Blue handles on Glastonbury to on-trend Rose Gold on Hemsby and Dawlish, Chrome is no longer the only stylish choice. The filigree design of Lymmington Lace is the perfect Gatsby-inspired touch for your Art Deco suites. While the Mother of Pearl detailing on our Gracechurch collection adds an elegant finish.

Beyond the aesthetics lies our inherent passion for quality. Heritage brassware is built to the highest standards, exceeding British regulations. We also think about making things as easy as possible for you. Like our recessed shower valves, which can fit into a cavity as narrow as 35mm. Or our taps, which are designed to work on all pressure systems. Enjoy peace of mind knowing that all our showers are pre-set to a safe temperature and designed to work with all UK water systems. We also rigorously test them to the equivalent of 130 years use.

# Accessories

Heritage accessories are the all-important details that bring your bathroom design together. They represent a perfect balance between luxury and practicality. From towel rails and glass shelves, to soap dispensers and toilet roll holders, our collections give you the very best choice to complement your signature style.

What sets our accessories apart is the exceptional quality of our materials. You can feel the difference with heavier pieces that will stand up to the rigours of daily use. We create designs that look luxurious and help you to feel special. From the stylish bath rack to hold your relaxing essentials for a long soak, to the range of wire baskets with an extra durable coating for lasting use. We've thought of everything to bring your beautiful bathroom to life.

# Mirrors

A mirror not only brings practicality and light-reflecting ambience to your bathroom, but can add a luxurious finishing touch, too.

At Heritage, we've curated a range of mirrors in a wide selection of colours and textures, including lustrous, hand-leafed gold and silver, for an unmistakably opulent finish. Our collection gives you the option to coordinate your mirror with your furniture. You could choose a smaller mirror that works as a pair over 'his and hers' basins. Or make a style statement with the extra-large Grand Chesham, an imposing 2 metre-tall focal piece.

Although expertly designed for bathrooms, our mirrors will also work perfectly in other rooms throughout your house. Try the Archway mirror above a fireplace, the Grand Chesham in a dining room or the Upminster in your bedroom. For versatility you'll love, most can be hung portrait or landscape, and all come with a two-year guarantee.

# Heated towel rails

There's nothing quite like the luxury of a pre-warmed towel. But a Heritage heated towel rail is not just functional – we've designed ours to balance long-lasting quality with elegance. So, you can look forward to towels that are dried and warmed, quickly and efficiently, and a rail that adds a stately touch to your bathroom.

Whatever the style and size of your home, our collection has an option for you. Long and tall, wall hung or statement arched, there's a look to complete your dream space. With many available in Vintage Gold as well as Chrome, you can choose a towel rail that reflects the period of your interior.

For ease, all designs include valves and come with a 5-year guarantee. And for your maximum comfort, don't forget to check the output rating. The higher the BTU number, the more warmth the towel rail will give out.

# Explaining water efficiency

There are over 60 million people living in the UK, using on average 150 litres of water per day for washing, cooking and drinking. Improvements in lifestyle and new technologies within the domestic environment mean we use 55% more water than we did 25 years ago, with half of this being used within the bathroom environment

As climate change takes a greater hold on the environment we understand it is essential for us all to use water wisely. At Heritage we appreciate how important it is to save water and that's why we have designed selected products to optimise water usage in the bathroom.

You can now tell how much water a product uses in normal domestic conditions by looking for the Water Label. A green indicator flag shows that a product uses the least amount of water whereas a red flag indicates that a product uses more water; however this gives you a greater flow from your taps and showers for a faster filling basin or bath and more invigorating shower.

You can find a complete explanation of the European Water Label and how it works at [www.europeanwaterlabel.eu](http://www.europeanwaterlabel.eu)

Find Water Label information for our products at [www.heritagebathrooms.com](http://www.heritagebathrooms.com)

# Useful information

## BATHS

Acrylic baths

Reflectivity of materials may vary, in some light conditions the white may look a little different.

Heritage bath panels are designed to go with Heritage baths, a 1700mm panel for a 1700mm bath etc.

White plastic bath panels are a fixed height and when used in conjunction with one of our baths, allows the bath trap to be installed above the finished floor in most cases.

## Cast iron baths

Cast iron baths are still made in the traditional way which includes a degree of surface ripple, dimples and minuscule black specks in the interior. This is all part of the character of a cast iron bath giving a feeling of uniqueness in your bathroom.

The exterior of our cast iron baths come smooth and pre-primed ready to paint. This isn't the finished article though and may suffer minor wear and tear en route to you. It will be instantly restored when you paint it in your chosen colour.

## BASINS, WCs & BIDETS

Each piece of sanitaryware is individually made which means dimensions given are always 'approximate' within standard industry tolerances. If precise measurements are required then you must measure the actual pieces when they are delivered and plan your bathroom around them.

Every effort is made to ensure our sanitaryware is straight and level, and our standards are significantly higher than those set out in the current British Standards. However, when used on furniture, for example, there will be situations where an inexact basin will meet a perfectly straight worktop and sealant will need to be applied to fill any inconsistencies, ensuring a stable fit and sealing the furniture from water ingress.

The lifetime guarantee on sanitaryware extends to the ceramic pieces only. The cistern fittings are guaranteed for 5 years.

The inlet on all our ceramic cisterns is on the bottom right hand side, unless stated otherwise

## Heritage logo

The word Heritage is used as a hallmark to denote a genuine Heritage product.

## TAPS & SHOWER VALVES

Heritage taps are designed to be compatible with Heritage sanitaryware and baths. A 1 taphole basin mixer will be suitable for any 1 taphole basin, the few exceptions to this rule will be highlighted in the directory section.

The majority of Heritage taps and shower valves have been engineered to operate on low pressure making them compatible with all UK plumbing systems. The minimum operating pressure for each tap and shower valve is stated in the directory for you to confirm compatibility with your installer.

## Measuring tap spout projections

Spout projection measurements refer to the dimension from the centre of the body to the centre of the spout.

## BRASSWARE FINISHES

Chrome is an extremely durable plated finish which is applied to a variety of fittings in a consistent manner and features a 5 year guarantee.

Special finishes, including Vintage Gold and Rose Gold, are more delicate so when applied to high use fittings such as taps and showers, or a plated finish we use on shower kits, hoses and accessories, feature a 3 year guarantee only.

Close inspection may show some colour variation which is normally acceptable given the relative distance between individual fittings when installed.

## MIRRORS

The application of the colour finish on the mirrors may lead to some slight variation in consistency.

## FURNITURE

**Our Caversham fitted furniture** is made with a real wood veneer (a thin layer of real wood) bonded on to mdf or chipboard.

**Our Caversham freestanding furniture** is made using real wood and as such, every individual piece features a unique grain.

**WC seats** and hinges must be regularly maintained and correctly cleaned using non-corrosive or abrasive cleaning products.

**Worktops** are supplied in varying lengths. Please measure and select carefully. Please also take care when cutting worktops; worktops are not made from solid wood and by cutting them you will expose the edge.

**Wall mounted furniture** in the Caversham range is not freestanding and is designed to be wall-mounted.

## FURNITURE FINISHES

Our furniture is available in a choice of finishes. Walnut is a stained wood finish, while all other colours are painted. While we endeavour to ensure consistency, you may see some slight variation in the colour. You may also notice some variation in the grain of the wood.

Our coloured finish furniture has the following Pantone references:

Graphite 433U, Cool Gray 1U. Our RAL references are 7047 for Dove Grey and 7016 for Graphite.

### Terms and conditions of sale

Heritage do not sell direct to the consumer and as such your terms and conditions of sale are with the retailer where you purchased our products.

Heritage Bathrooms reserve the right to amend retail prices at any time. We recommend you discuss pricing with your chosen specialist supplier.

All prices in this brochure are recommended retail prices and include VAT at 20%. In the event of a change to the VAT rate, prices will change accordingly.

### Printing accuracy

Whilst every effort is made to ensure printing accuracy throughout this brochure and on our website, all images, drawings, descriptions, prices and promotional material are intended as a guide only and colour reproduction is difficult. We strive for constant improvement so products may be subject to slight variations in line with manufacturing tolerances. We recommend you view products in a showroom prior to purchase. As such we will not be held responsible for any reliance placed on approval of the above unless it has been directly confirmed by us in writing at the time the products are ordered.

### Deliveries

We monitor our stock levels to ensure that all products are in stock. If for any reason the product ordered is not in stock then we will inform the retailer at the time of receipt so alternative arrangements can be made. 24 hour deliveries are made to the retailer and is dependent on the time of order.

A number of stores will receive consolidated orders, operate their own additional inspection procedures and/or receive goods into a central warehouse requiring onward distribution to multiple stores.

These added value practices will inevitably impact on delivery lead times.

We strongly recommend that you thoroughly inspect your delivery before booking installation time and ensure all products are on site before beginning demolition of your old bathroom.

### Measurements and design specifications

All measurements are in millimetres and are for guidance only, some variation may occur. Heritage Bathrooms pursues a policy of continuing improvement in design and performance of its products and so reserves the right to change specifications without prior notice.

## HERITAGE BATHROOMS PRODUCT GUARANTEE

At Heritage Bathrooms, we want to make things as easy as possible for our customers. That's why we design products that are easy to fit and use, and that are quality tested to make sure they won't let you down.

It's also why we offer solid guarantees, effective from the date of purchase, so that in the unlikely event of something going wrong, you have the peace of mind that the problem will be sorted easily.

All of our products are covered by a guarantee. Most include both parts and labour (so we'll send an engineer to fix the problem as part of the warranty). Please note that guarantees are only valid with proof of purchase.

Our guarantees apply to products in domestic use. Any products in commercial use carry a guarantee of 1 year. See [www.heritagebathrooms.com/warranty](http://www.heritagebathrooms.com/warranty) for more information.

### OUR GUARANTEES ARE AS FOLLOWS:

#### Sanitaryware

Lifetime† and 1 year labour\*

#### Baths
