# THE COMPANY

Established in 1979 and still a family-owned company, Roper Rhodes has almost 40 years experience of creating beautiful bathrooms. Based in beautiful Bath, a city with a strong association with bathing since Roman times, perhaps our continued successful growth is no coincidence.

The business has a very strong value set too and 3% of profits are given to charity each year, via the Roper family Charitable Trust.

# THE BEST OF BRITISH

While our designs draw on influences from around the world, there is always something distinctly British about a Roper Rhodes bathroom.

Perhaps it's because our design studios are based in Bath and the strong association we feel with the city. Or maybe it's because we understand the British obsession with the home.

But to be honest we feel it's something a little more elusive than that. It's the unmistakable feeling of quality and understated elegance whenever you use our products. That's what really sets Roper Rhodes apart and makes us the quintessentially British bathroom company.

## OUR PEOPLE

Take nine product designers, a crack team of marketers, years of experience and thousands of original ideas. What do you get? This bathroom book – packed full of beautifully conceived and exceptionally finished bathroom products.

With Roper Rhodes, form and function sit perfectly side by side. All our products are built to last and designed to delight! And it's all thanks to the guys above it's their job (dare we say obsession?) To design bathrooms that are out of the ordinary – and that really stand the test of time

**KEITH ALCOCK**  
Product Designer

*When it comes to adding a stylish yet practical touch to your new bathroom design, choose from the Roper Rhodes furniture collection and you can be assured of hitting the mark. Our range has something for every taste and the designs incorporate a host of thoughtful features such as hidden drawers or internal lighting, integrated chrome handles and soft close drawer runners and door hinges.*

# Furniture

# FRAME

*Where luxury and minimalism meet*

# FRAME

Smartly tailored with clean lines and precision detailing, our Frame collection cuts a refined silhouette. Glass-fronted drawers are set within a slim metalwork frame, offering plentiful storage & style in one sleek, contemporary unit. Create an inspired and unified space with complementary Frame mirrors, cabinets & storage solutions.

Frame pairs minimalism and luxury to lend a sophisticated edge to your bathroom space. The elegant metalwork frame of the basin unit gives the drawer fronts a streamlined look, while the glass fronts add subtle tonal and textural differences to give depth and interest. Beautifully precise details and integrated drawer top handles evidence the exemplary design of this modern collection.

Choose from a 800mm or 1200mm Frame basin unit for a polished look or opt for a 600mm unit if space is at a premium. Create a focal point in your bathroom by opting for the bold derwent blue or deep gloss dark clay or keep your space modern and neutral with a matt light clay or gloss white finish.

A floating, wall hung design frees up floor space to create a light and minimal bathroom look. Super smooth drawer runners provide a satisfying opening and soft-close action.

All Frame furniture benefits from a 10 year guarantee.

*Top right*  
600mm wall mounted basin unit in matt light clay with ceramic basin

*Bottom Right*  
1200mm wall mounted unit in derwent blue

*Left*  
800mm wall mounted basin unit in gloss dark clay

**FRAME CIRCULAR MIRROR 800**  
Control the LED brightness and colour temperature to create a unique bathroom environment. Available in multiple sizes and finishes

**SYNC WALL MOUNTED BASIN MIXER**

**1200MM GLOSS WHITE BASIN UNIT & ISOCAST BASIN**

# FRAME: BASIN OPTIONS

Your choice of basin design will further enhance the styling of your Frame unit. Choose a variety of formats in ceramic or Isocast, including a statement-making 1200mm single basin.

With a super slim profile, the Frame isocast basin beautifully complements the unit's drawer front styling and overall framed aesthetic. Isocast basins offer a smooth, uniform surface and a large, swooping bowl for a premium look.

Elevate your bathroom space with an impactful single 1200mm Isocast basin, which can be used with single, double or wall-mounted basin taps. Opt for the 800mm Isocast basin for additional surface space. For busy bathrooms, a 1200mm 'his and hers' double basin design may be just the job.

Offering a classic feel, Frame ceramic basins are available to suit both 600mm and 800mm basin units and give a streamlined silhouette to complement the refined look of the collection. Alternatively our flared Scheme ceramic basins (see page 44) can also be used with Frame units to create a different profile.

**ELATE BASIN MIXER**  
Basin mixer with click waste

**1200MM MATT LIGHT CLAY BASIN UNIT & ISOCAST BASIN**

# FRAME: MIRRORS, CABINETS & STORAGE

Complete your bathroom design with our collection of coordinating mirrors, cabinets and storage solutions, specifically designed to complement the pared-back luxury of Frame bathroom furniture.

Edged with a slim metal surround which matches the furniture frame, the minimal design conceals a wealth of practical features ideal for the demands of the modern bathroom, including infrared on/off, a demister pad to keep things steam-free and dynamic light temperature changing technology, allowing you to simulate the perfect lighting environment to suit your daily routine.

Coordinating bathroom cabinets, including illuminated or recessed options, or a mirrored wall column all give valuable storage space if required, while the optional beech in-drawer storage boxes provide a home for all your smaller bits and bobs.

*Top right*

With its softly rounded corners & smooth lines, System will turn the daily routine into a pleasurable experience. Comprising a comprehensive selection of basin unit sizes, basin types, stunning furniture finishes & handle options, this is timeless design at its best.*

Coordinating mirrors will bring an extra special feel to your bathroom. Choose your handle style to further personalise your basin unit.

### Soft close

Soft close drawer runners are used across the range, giving a smooth, quiet closing action and luxurious feel.

### 10 year guarantee

We take great pride in the workmanship of our designs, using the very best materials and manufacturing techniques. This means that all System furniture benefits from a 10 year guarantee.

# 5 STEPS TO YOUR PERFECT SYSTEM BATHROOM

*Cool yet elegantly styled, System offers complete flexibility. With numerous configurations you can tweak your choice to perfectly match your needs. Choose your unit size, select your choice of basin & pick from an array of contemporary finishes & coordinating handles. Follow the steps below and use the next few pages as inspiration.*

## 1. SIZE OPTIONS

Firstly assess your bathroom space and choose the basin unit size to best suit. There's wall mounted options in 500, 600, 800 or 1200mm widths, with two soft close drawers providing practical, accessible under-basin storage.

## 2. BASIN OPTIONS

Now select your basin preference. This will really change the overall style of your unit. Choose from a sleek full width ceramic basin, available in 600mm or 800mm widths or a modern Isocast basin which is suitable for all unit sizes.

## 3. FINISH OPTIONS

A choice of six contemporary finishes for System means that you can match or contrast to anything in your bathroom design. The colour palette has been chosen to give a full spectrum of on-trend neutral painted colours in matt and glossy options. There is also a modern umbra wood effect finish if you are looking for a more natural look.

## 4. HANDLE OPTIONS

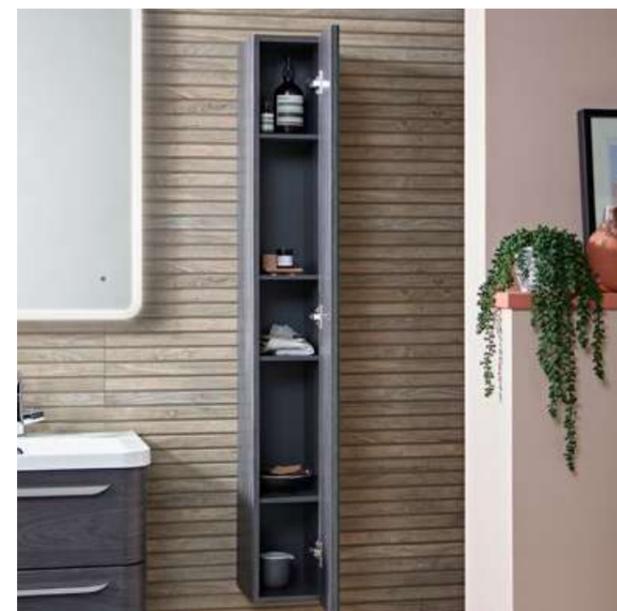

With eight different handle styles you can add the perfect finishing touch to make your basin unit your own. Keep the whole look minimalist by using chrome drawertop handles or go for a functional front-fixed wide pull option. The matt black or brass handles offer a super stylish choice. Undrilled drawer fronts allow you to position the handles where you wish, though we think a third of the drawer height down from the top looks good.

## 5. OPTIONAL EXTRAS

Once you've created the centrepiece for your bathroom you will need to consider the coordinating extras which can take your design to the next level in terms of style and practicality.

### Coordinating storage units

The coordinating tall, slim mirrored wall column has lots of storage space. If one is not enough, why not add a couple?

### Mirrors & cabinets

The super sleek LED illuminated mirror is designed to perfectly complement the softly rounded corners of the furniture. There are also cabinets which match System finishes, some of which are recessed to give much needed in-wall storage.

### Drawer boxes

Declutter your life by adding the System storage boxes to your drawers. Incredibly useful, their beech finish looks great against the matt dark grey internal drawer colour. The two box set comes complete with two lids and they fit perfectly into the drawer space.

# SYSTEM: BASIN OPTIONS

*The polished, minimal form of our basin designs work perfectly when combined with System furniture. Choose from sleek, single-mould isocast or classic ceramic in a range of sizes to suit your System basin unit.*

With gently curved corners, fluid lines and a generous washspace, System ceramic basins offer a contemporary style expertly cast in a classic material. This sculptural basin design has a silky smooth, glazed surface and features a practical integrated overflow. Easy to maintain, the System basin is available in both 600mm and 800mm variations.

Simple, stylish and streamlined, our System Isocast basins are ideal for a pared-back, contemporary look. Shaped to perfectly complement our System bathroom furniture, Isocast has the benefit of being a completely seamless material that gives it a clean, precise profile. Available in 500mm, 600mm and 800mm widths, our Isocast basin also features a statement 1200mm double basin option.

## 800MM UMBRA BASIN UNIT & CERAMIC BASIN

# SYSTEM: MIRRORS, CABINETS & STORAGE

*With its curved good looks, System's LED illuminated, light temperature changing mirror has been designed to perfectly complement System furniture & comes in a choice of three sizes to suit. Alternatively, add some extra storage with one of the coordinating mirrored cabinet styles available to match System finishes.*

Bring your bathroom to life & create the perfect atmosphere with the System mirror. The clever dimmable infrared sensor also enables you to adjust the light temperature from a cool daylight white, through natural white, to warm white to suit your mood and the time of day. The heated demister pad will also keep the mirror clear, even in the steamiest of bathrooms.

Colour matched recessed cabinets give much needed in-wall storage while giving a sense of space in the bathroom. There are two depths to suit, depending on the space you need and the construction of your wall; 75mm depth to fit within a 3 inch stud wall or 120mm depth, specifically for use in built-out walls.

LED illuminated single and double door mirrored cabinets are also available to match System finishes. Why not also add the coordinating tall, slim mirrored wall column for plenty of useful extra storage space.

# SCHEME

*Contemporary tailored furniture. Tweak every detail to suit your space & style.*

# SCHEME

*Designed by us. Tailored by you. Our Scheme modular furniture has great depth within the range, with something to suit every taste. Comprising a comprehensive selection of basin unit sizes, basins types, stunning furniture finishes & handle options, you can tweak every detail to perfectly suit your space & personal sense of style.*

An array of clever additions from sleek internal lighting to coordinating mirrors and recessed cabinets will bring an extra special, ultra modern feel to your bathroom.

### Internal storage

Built-in drawer dividers in all units will help keep everything in its rightful place. Adding the optional beech storage boxes will ensure that all your bathroom bits and bobs have a home.

### Soft close

Soft close drawer runners and door hinges are used across the range, giving a smooth, quiet closing action and luxurious feel.

### Lighting

For a real style statement create mood or night lighting by adding the optional lighting kit. This will give a blade of light along the top and bottom edges of the drawers as well as lighting up the top drawer to help you find what you need. Contemporary styling with a practical twist.

### 10 year guarantee

We take great pride in the workmanship of our designs, using the very best materials and manufacturing techniques. This means that all Scheme furniture benefits from a 10 year guarantee.

**WALL MOUNTED BASIN MIXER**

**800MM UMBRA BASIN UNIT & STAGE VESSEL BASIN**

# 5 STEPS TO YOUR PERFECT SCHEME BATHROOM

*Stylish, contemporary & with so many potential configurations, you can tailor your choice to fit your needs exactly. Choose your unit size, create a style statement by selecting from different basin options, an array of on trend finishes & coordinating handles, then follow the steps below & use the next few pages as inspiration. Complete your Scheme bathroom with a choice of optional extras.*

## 1. SIZE OPTIONS

Firstly assess your bathroom space and choose the basin unit size to best suit. There's a classic freestanding 600mm two door unit or wall mounted options in 500, 600, 800, 1000 or 1200mm widths, with two soft close drawers providing practical, accessible under basin storage.

## 2. BASIN OPTIONS

Now select your basin preference. This will really change the overall style of your unit. Choose from a sleek full width ceramic basin, a modern Isocast basin with practical workspace on either side or one of three vessel basin designs. Lots of examples are shown over the following pages (pages 34-39).

## 3. FINISH OPTIONS

A choice of no less than six finishes for Scheme means that you can match or contrast to anything in your bathroom design. The colour palette has been chosen to give a full spectrum of contemporary neutral painted colours in matt and glossy options. There is also a modern umbra finish if you are looking for a more natural look.

## 4. HANDLE OPTIONS

With eight different handle styles you can add the perfect finishing touch to make your basin unit your own. Keep the whole look minimalist by using chrome drawertop handles or go for a functional front-fixed wide pull option. The matt black or brass handles offer a super stylish choice. Undrilled drawer fronts allow you to position the handles where you wish, though we think a third of the drawer height down from the top looks good.

## 5. OPTIONAL EXTRAS

Once you've created the centrepiece for your bathroom you will then need to consider the optional extras which can take your design to the next level in terms of style and practicality. With Scheme it is easy to complete your new bathroom and create an individual look.

### Cabinet lighting with hidden switch

The lighting kit gives a blade of light along the top and bottom drawer edges for mood or night lighting. It also lights up the top drawer to help you find what you need. It's easy to use, operated by simply touching the side of the unit where the on/off sensor is invisibly installed. (Wall mounted basin units only).

### Mirrors & cabinets

The super sleek Scheme mirror is designed to perfectly complement the furniture. The LED lighting creates a stunning effect when used together with the cabinet lighting kit. There are also cabinets which match Scheme finishes, some of which are recessed to give much needed in-wall storage.

### Coordinating storage units

The tall, slim Scheme wall column has lots of storage space. If one is not enough they look really effective when used in multiples of two or even three, so why not add a few to your layout?

### Drawer boxes

Declutter your life by adding the Scheme storage boxes to your drawers. Incredibly useful, their beech finish looks great against the matt dark grey internal drawer colour. The two box set comes complete with two lids and they fit perfectly into the drawer space.

# SCHEME: CERAMIC BASINS

Your choice of basin is key to the look of your basin unit & a ceramic offers that truly classic feel. Scheme full width ceramic basins take advantage of modern ceramic production techniques, offering striking flared designs with elegant fine edges & generous wash space. Contemporary styling in a range of sizes, with practical design features such as integrated overflows make Scheme ceramic basins a great choice.

**800MM GLOSS LIGHT GREY BASIN UNIT & CERAMIC BASIN**

# SCHEME: ISOCAST BASINS

*Isocast basins allow for the creation of perfectly straight fine lines & modern flowing basins, inspired by the high end styling of premium hotels. Practical flat sides on the 800 & 1000mm basins give useful extra surface space in the bathroom. If your room is big enough why not enhance your bathroom experience by choosing the 1200mm 'his & hers' double basin.*

# SCHEME: MIRRORS & CABINETS

Bring your bathroom to life with the super sleek Scheme mirror. Designed to perfectly complement Scheme furniture, it comes in a range of sizes to suit. Alternatively, add some extra storage with one of the coordinating mirrored cabinet styles available to match Scheme finishes.

The stylishly slim LED lighting of the Scheme mirror will create a stunning effect when used together with the basin unit and lighting kit, perfectly matching the thin light detailing. The heated demister pad will also keep the mirror clear, even in the steamiest of bathrooms.

Scheme colour matched recessed cabinets, available in two depths, give much needed in-wall storage while giving a sense of space in your bathroom. There are two depths to suit, depending on the space you need and construction of your wall; 75mm depth to fit within a 3 inch stud wall or 120mm depth, specifically for use in built-out walls.

LED illuminated single and double door mirrored cabinets are also available to match Scheme finishes. Why not also add the coordinating tall, slim mirrored wall column for plenty of useful extra storage space.

**800MM MATT LIGHT CLAY BASIN UNIT & CERAMIC BASIN**  
Soft close drawer runners and internal dividers

**800MM LIGHTING KIT**

# SCHEME: STORAGE

*We are all aware how much paraphernalia seems to accumulate in our bathrooms, so make sure you consider adding extra storage. Scheme has a few useful features & optional extras which will help.*

The coordinating Scheme mirrored wall column unit is tall and slim with plenty of useful storage space. If one is not enough they look really effective when used in multiples of two (as in the picture below) or even more.

All Scheme basin units have practical drawer dividers, but to help keep them even tidier use the extra internal storage boxes with lids to keep your bathroom bits and bobs safe (or private!). The beech finish looks great against the matt dark grey interiors of the drawers and the boxes have been designed to sit perfectly inside.

# HAMPTON

*Handbuilt & finished  
for a timeless feel*

# HAMPTON

*Traditional cabinetry techniques combine with hand painted finishes to give a truly classic feel. Hampton features 5 piece doors with tongue & groove feature side panels. Perfect for creating a stunning & sophisticated look for the bathroom.*

The Hampton range is a classic design that blends the beautiful quality of craftsmanship with shaker lines and a muted palette. The deep hues of pewter and slate grey are perfect for creating a dramatic bathroom, or opt for mocha, chalk white or vanilla for a subtle and relaxing vibe.

Elements from the Hampton range can be used as standalone pieces, or alternatively fitted together with the help of worktops and plinths to achieve a fitted look. Underslung basin units really add to the period drama, especially when used together to create a statement 1200mm double basin unit. Or opt for a 700mm wall mounted basin unit to offer a stylish twist to the classic look. Flexibility is key with the Hampton range as there is something to suit even the smallest room with the compact cloakroom unit to the bestselling 600mm unit.

It has a timeless feel that suits any style, making it perfect for country living, urban life or anything in between.

**SIGN BASIN MIXER**

**700MM WALL MOUNTED UNIT  
WITH CERAMIC BASIN**  
A luxurious statement piece  
with a generous ceramic basin  
shown here in slate grey

# HAMPTON

Complete your Hampton bathroom with one of the coordinating mirrors, now including an illuminated option and a 1200mm mirror with demister pad, making steamy glass a thing of the past.

The wall cabinet and 400mm storage unit offers much needed and useful storage space. Matching bath panels are also available.

Personalise and transform the entire look of your Hampton bathroom by choosing one of the alternative handles. From the period faceted glass knob to the more purist shaker chrome knob, there is something to suit every taste.

Hampton furniture benefits from a 10 year guarantee.

# PURSUIT

*A versatile range in contemporary finishes to add a designer edge to your bathroom*

# PURSUIT

The contemporary textured finishes lend it a truly sophisticated edge, choose from alpine or charcoal elm or opt for smooth gloss white or the gloss light grey. Pursuit is extremely flexible too – choose the 600mm or 900mm basin unit or use two 600mm units side by side, united by a long solid surface worktop to create a luxurious statement piece.

The spacious drawers have beech internals, soft close drawer runners and are finished with a sleek integrated chrome handle. You could also add the optional floating beech storage boxes to help keep all your bathroom bits and bobs together inside the drawer.

Top your unit with one of the two ceramic or three solid surface vessel basin options, depending on which style takes your fancy. A coordinating wall column unit, with its seamless chrome handle, gives you even more storage space and a useful mirror to boot.

Pursuit furniture benefits from a 10 year guarantee.

*Top right*  
600mm basin unit in charcoal elm with Stage vessel basin and coordinating Virtue cabinet

*Bottom right*  
1200mm wall mounted unit with Rapport vessel basin

*Left*  
Mirrored storage unit in charcoal elm

**INTENSE MIRROR**  
LED illuminated frame giving a beautiful halo light effect with demister pad

**BLOCK VESSEL BASIN**  
Select from five choices of solid surface or ceramic basin.

**SOFT CLOSE**  
*Shh...*Pursuit's drawers feature soft close, low profile runners for a luxurious feel and quiet closure.

**HANDLE**  
Pursuit units features a sleek integrated chrome plated handle

# DIVERGE

*Move away from the norm & choose our Diverge bathroom furniture*

# DIVERGE

*Freestanding or wall mounted, with either an integrated ceramic basin or a choice of modern vessel basins. There are so many options available in a contemporary muted palette to select from to suit your style and space.*

The floorstanding units are available in 600mm, 800mm and 1000mm widths – all of which have a useful drawer as well as roomy cupboard storage and a sleek ceramic basin with generous wash area.

The wall mounted basin unit comes in either 800 or 1000mm widths and can also be used with the ceramic basin or if you wish for an up-to-the-minute look, you can plump for a solid surface worktop and any one of our five designs of vessel basin.

Using the drawers is a pleasure, thanks to the hidden handle and smooth soft close action. Naturally all doors have soft close hinges too. If you need extra storage space add the very smart coordinating mirror-fronted wall column unit.

With a choice of two contemporary gloss finishes in white and light grey, or the option of two textured finishes in alpine elm or charcoal elm, to keep Diverge on-trend.

Diverge furniture benefits from a 10 year guarantee.

*Top Right*  
800mm freestanding basin unit in alpine elm with ceramic basin

*Bottom Right*  
800mm wall mounted basin unit in charcoal elm with ceramic basin

*Left*  
1000mm freestanding basin unit in alpine elm with ceramic basin & Compose cabinet

**BASIN OPTIONS**  
Opt for either a ceramic basin or a solid surface worktop topped with your choice of vessel basin

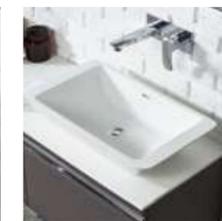

**HANDLE**  
Hidden handles add to the minimal styling

**SOFT CLOSE**  
*Shh...* Diverge drawers feature soft close, low profile runners for a luxurious feel and quiet closure

# CIRRUS

*Curves & straight lines combine  
to great effect*

# CIRRUS

*With its sleek lines & ultramodern curves Cirrus brings designer style to your bathroom. The slim Isocast basin complements the sweeping curved unit which comes in a right or left handed option to suit your space.*

Cirrus is available in 3 finishes, gloss white, gloss dark clay and fineline grey (real wood veneer). All units come left or right handed with a flat end panel which can be fitted into a corner wall if desired.

The sweeping Isocast basin follows the curved profile of the unit, with bespoke chrome plated handles to complement the styling. There's plenty of storage with a wide deep drawer and the distinctive curved cupboard on the end, which contains all the plumbing, freeing up the entire drawer allowing space for your bathroom products.

Cirrus furniture comes with a 10 year guarantee.

*Top right*

## ISOCAST BASINS

All of our Isocast basins are manufactured using a calcium carbonate mineral substrate. This is then topped with a tough, resilient gelcoat to give a glossy finish which is both durable and easy to clean.

Using these materials allows us to create basins with precisely defined surfaces and edges which are not only practical but also complement our modern bathroom designs perfectly.

\*Quoted furniture height includes basin

# CLOAKROOM

*Compact yet functional we prove  
that small can be beautiful*

# ESTA

*Small but perfectly formed, we've a lot to say about the smallest basin unit in our furniture collection.*

Esta is packed full of charm and practicality. Available as a freestanding or wall mounted unit, in no fewer than nine contemporary finishes, this piece is perfect for an ensuite or cloakroom.

This simple, unfussy unit incorporates a single wooden shelf. It features a door which can be hung to open from the left or right and a slim chrome handle which can be mounted either vertically or horizontally.

Esta furniture benefits from a 10 year guarantee.

*Top Right*

*Bottom Right*  
Esta wall mounted basin unit in gloss white

*Left*  
Esta basin in gloss dark clay with ceramic basin

**ULTRA SLIM MIRROR**  
Can be attached to painted walls or tiled in for a flush fitting finish

**MINI BASIN MIXERS**  
Complete the look with a mini basin mixer.

**CERAMIC BASIN**  
Esta's ceramic basin features a single tap hole and surprisingly generous wash area

**BASIN UNIT OPTIONS**  
The Esta range is available in both freestanding and wall mounted formats, and comes in a variety of stylish finishes

# MIA

*The Mia basin unit extends our extremely popular cloakroom furniture collection. This compact, yet highly functional freestanding basin unit has a variety of features which make it perfect for the smallest room in the house.*

A reversible door, with soft close hinges, means it will easily fit in where needed. The framed inset door panel and concave plinth add to the aesthetic appeal, with an elegant chrome plated handle giving an extra stylish touch. An offset ceramic basin cleverly maximises available hand wash area.

Mia is available in gloss white and light and dark elm finishes and benefits from a 10 year guarantee.

#### CERAMIC BASIN

Mia's offset ceramic basin features a single tap hole and surprisingly generous wash area

#### FLEXIBILITY

A reversible door, with soft close quick release hinges, means it will easily fit in where needed

# HAMPTON

*Traditional cabinetry techniques combine with hand painted finishes give a truly classic feel so you can create a timeless look for the cloakroom.*

Bring the opulence of classic design into your smallest room with this compact cloakroom unit. Hampton features 5 piece doors with tongue and groove feature side panels and comes complete with an elegant chrome handle. The door can be hung to open from the left or right.

Hampton furniture benefits from a 10 year guarantee.

**ROB SHEAN**  
*Product Designer*

*Add a little European flair to your new bathroom by choosing from our sanitaryware collection. Our stylish contemporary ranges have true designer appeal & incorporate wall hung basins in a variety of sizes with coordinating wall hung, back to wall & close coupled WC options. Manufactured using only the finest raw materials including English china clay.*

# Sanitaryware

# ACCENT

The modern design of the Accent basin looks great when wall mounted with a semi pedestal or chrome bottle trap or used on a countertop. The basin is available in three widths, as well as semi-countertop versions for use with bathroom furniture, and the design provides a deep, practical wash space. Complement with the WC version of your choice & a soft close, quick release seat.

# COVER

This sanitaryware range, with its smooth curved design & thin edges, offers generous washing space even on the slim depth semi-countertop option. A choice of three WCs includes a very stylish back to wall version, the perfect choice for fitted furniture, or opt for the wall hung or close coupled WC for a more stand-alone look.

630mm close coupled fully enclosed WC & seat  
£617.60

510mm back to wall WC & soft close seat

560mm semi-countertop basin  
£204.50

560mm slim depth semi-countertop basin  
£193.00

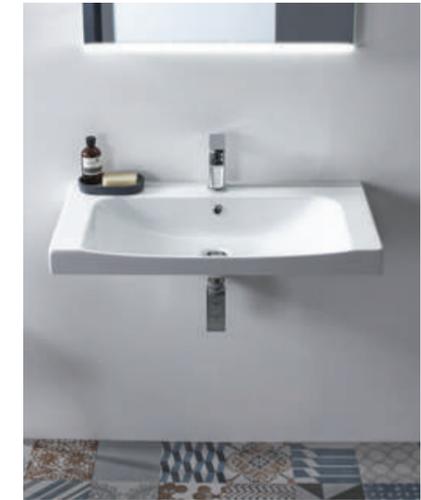

# NOTE

The Note basin comes in four sizes, to be countertop-mounted or wall hung with either a semi pedestal or chrome bottle trap. Two sizes of semi-countertop basin allow for use with bathroom furniture. The versatile range of short projection WCs have soft close, quick release seats available in two styles.

# BREATHE

Breathe basins can be wall hung or look great mounted on a countertop. Maybe team up with a Geo WC?

540mm slim depth semi-countertop basin  
£167.50

# GEO

The soft squares of the Geo basin means it looks great when used with Roper Rhodes bathroom furniture. The slim depth semi-countertop basin saves precious space but still has a deep, practical wash bowl.

# MINERVA

Minerva combines simple good looks with practicality. The semi-countertop basin comes in 3 useful sizes. The WCs work well with both our Juno & Minerva seats.

660mm close coupled WC & soft close Juno seat  
£384.10

515mm back to wall WC & soft close Minerva seat  
£226.70

530mm Comfort height back to wall WC\* & soft close Minerva seat  
£263.20

540mm basin & pedestal  
£108.60

560mm standard semi-countertop basin  
£142.00

540mm slim depth semi-countertop basin  
£124.50

460mm slim depth semi-countertop basin  
£124.50

\* For use with comfort height cistern TR9008 in furniture installation. See page 131

# HARROW

This collection has more than a nod to the past, being both classically styled & elegant. It looks great with our Burford range for a true period feel. With generous proportions, the basin is available with one or two tap holes & coordinates perfectly with the back to wall WC pan.

550mm Semi-countertop 1 tap hole basin  
£181.50

550mm Semi-countertop 2 tap hole basin  
£181.50

Back to wall WC & soft close, gloss white wooden seat  
£339.50

Painted gloss white wooden soft close toilet seat  
£111.00

Painted chalk white wooden soft close toilet seat  
£111.00

Painted mocha wooden soft close toilet seat  
£111.00

Painted slate grey wooden soft close toilet seat  
£111.00

Painted pewter wooden soft close toilet seat  
£111.00

Chrome TR9004 **£36.20**

Whether you need a contemporary or traditional look, we have flush plates to suit. Compatible for use with our wall hung frames or as an optional upgrade for cisterns.

## SENSOR FLUSHING

### Touch Sensor Dual Flush Plate

210(w) x 137mm(h)

Black TR9016 **£129.00**

Go for an ultra-contemporary option with our sleek, black glass-fronted touch sensor dual flush plate. The lightest touch on the plate is all that is required to initiate the flush, and the plate lights up to indicate activation.

The sensor plate is best for use on Roper Rhodes wall hung WC frames or the in-wall concealed cistern, and requires 4 AA batteries which will last around a year under normal domestic conditions. The plate allows easy access to change the batteries when required and has a manual override.

### Contactless Dual Flush Sensor

Use with concealed cisterns

Sensor kit TR9014 **£107.50**

The contactless flush sensor kit is compatible with pneumatic concealed cisterns from Roper Rhodes, and is best used within furniture. It provides a touchless flush, with just a wave of a hand.

The Sensor works using capacitive sensor technology to detect a change in the electromagnetic field. A short wave of the hand in front of the sensor activates the reduced flush, whilst holding your hand up slightly longer triggers a full flush. It is powered by 4 AA batteries which will last around a year under normal domestic conditions.

The sensor can be mounted behind a back to wall WC unit fascia, or under a worktop or tiled wall near the cistern. A discreet black decal is included to indicate sensor location if desired.

## WALL HUNG WC FRAMES & CONCEALED CISTERNS

### 1.17m wall hung WC frame

**6/3 litres**  
500(w) x 1168(h) x 140 - 200mm(d)

1.17m frame TR9006 **£234.50**

Use for in-wall applications, includes fittings, requires flush plate/button, or contactless sensor (available separately). 200mm height adjustment.

### 1.0m wall hung WC frame

**6/3 litres**  
500(w) x 1000(h) x 167 - 215mm(d)

1.0m frame TR9015 **£222.00**

Ideal for boxed in applications, especially under windows. Requires flush plate/button, or contactless sensor (available separately). 200mm height adjustment.

### 0.82m wall hung WC frame

**6/3 litres**  
500(w) x 820(h) x 167 - 215mm(d)

0.82m frame TR9005 **£234.50**  
Furniture Adaptor Kit TR9007 **£40.30**

Can be used with 600mm and wider furniture WC units. Use with Furniture Adaptor Kit, requires flush plate/button, or contactless sensor (available separately). 200mm height adjustment.

### 0.4m WC/bidet frame

400(w) x 400(h) x 170 - 335mm(d)

0.4m frame TR9018 **£108.50**

Compact half height WC frame suitable for use in narrow back to wall units including 500mm wide. For use with Torrent, Cascade or comfort height cisterns. Can also be used for bidets. 200mm height adjustment.

### In-Wall cistern

**6/3 litres**  
600(w) x 745 max(h) x 138 - 194mm(d)

Cistern TR9009 **£107.50**

Ideal for tiled in applications. All parts serviceable through flush plate aperture.

Internal isolation valve, 150mm height adjustment. Top or front flush plate mounting. 1/2 BSP. Requires flush plate/button, or contactless sensor (available separately).

### Comfort height cistern

**6/3 litres**  
437(w) x 324(h) x 165mm(d)

With chrome flush button TR9008 **£94.60**

Developed specifically to allow comfort height back to wall pans to be used in 820mm high furniture.

Bottom entry inlet valve. Top or front flush plate mounting. 1/2 BSP PS insulation jacket. Pneumatic flush valve.

### Torrent concealed dual flush cistern bottom inlet

**6/3 litres**  
434(w) x 365(h) x 140mm(d)

With chrome flush button TR9001 **£94.60**

Bottom entry inlet valve. Top or front flush plate mounting. 1/2 BSP PS insulation jacket. Pneumatic flush valve.

### Cascade concealed dual flush cistern side inlet

**6/3 litres**  
434(w) x 365(h) x 140mm(d)

With chrome flush button TR9002 **£94.60**

Side entry bottom entry inlet valve. Top or front flush plate mounting. 1/2 BSP PS insulation jacket. Pneumatic flush valve.

*Go with the flow & add the perfect finishing touch to your bathroom with a Roper Rhodes tap. From designs which make a real style statement to those with a more minimal look there is something to suit every basin.*

*When it comes to showering go for one of our popular ready-to-go shower systems or create your own bespoke shower experience.*

# Taps & Showers

# TAPS

Our tap collection covers all bases from contemporary statement basin mixers which make a real impact, to something to suit the bathroom with a more period feel. Many ranges include a manual mixer valve, which when used with a bath filler or spout is the modern way to fill your bath. Coordinating shower systems or thermostatic valves will keep your bathroom design cohesive.

## TAP FEATURES

Roper Rhodes leads the way with technological innovation and engineering advances. Most taps are designed for the low pressure systems often found in UK households, all contain top quality components and are tested to the most stringent standards.

There are many features to choose from, use the icons to help you choose the right one for you.

### LOW PRESSURE 1

Suitable for all plumbing systems including conventional gravity fed ones with a minimum 0.1bar pressure\* and above.

### LOW PRESSURE 2

Suitable for all plumbing systems including conventional gravity fed ones with a minimum 0.2bar pressure\* and above.

### MEDIUM PRESSURE

Suitable for all plumbing systems including conventional gravity fed or modern pressurised ones with a minimum 0.5bar pressure\* and above.

### HIGH PRESSURE

Require a minimum pressure of 1.0bar or above and are more suitable for modern pressurised plumbing systems.

### LEVER ACTION

The single lever action makes it extremely easy and practical to use.

### SWIVEL AERATOR

Allows the position of the running water to be moved

### SWIVEL SPOUT

Allows spout to be moved from side to side.

### CERAMIC TECHNOLOGY

A smooth, easy to use action giving accurate flow control.

### QUARTER TURN CERAMIC TECHNOLOGY

Quarter turn taps only require a 90° turn of the handle to move from fully open to closed.

### TEMPERATURE CONTROL

Designed to control the temperature of mixed water by restricting handle movement to avoid risk of scalding.

### FLOW RATE ADJUSTMENT

A water saving feature allowing flow rates to be adjusted, allowing the maximum flow to be reduced by up to 25%.

### UNDER SPOUT DIVERTER

Located underneath the spout, turn to divert the water flow to use the shower or fill the bath. Easier to clean.

### TEN YEAR GUARANTEE

All taps come with a ten year guarantee including tap cartridge.

### ECO 1

Compatible with our optional water and energy saving shower flow regulators.

### ECO 2

Compatible with our optional water and energy saving basin tap flow regulators.

### ECO 3

Compatible with our optional water and energy saving basin mixer flow regulators.

\*Bar pressure is a unit of measurement for pressure. 0.1 bar is equal to a metre head of water. In plumbing terms this means that for a gravity fed system, if the base height of your water tank is 1m above a tap, then you will have 0.1bar of pressure at the tap.

### FURTHER TECHNICAL INFORMATION

For further technical information on all Roper Rhodes taps, including fitting instructions, aftercare documents and additional features and benefits, please visit [roperrhodes.co.uk](http://roperrhodes.co.uk)

# TAP RANGE SELECTOR

Use the table below to guide you around our tap collection. Make your selection from the wide choice of designs to suit both low & high pressure applications.

| Tap     | Feature  | BASIN MIXER | MINI BASIN MIXER | TALL BASIN MIXER | BASIN TAPS (PAIR) | WALL MOUNTED BASIN MIXER | MONO BATH FILLER | BATH FILLER | BATH TAPS (PAIR) | BATH SHOWER MIXER WITH HANDSET | FREESTANDING BATH FILLER | MANUAL MIXER VALVE | THERMOSTATIC SHOWER VALVE |

# TAP & SHOWER FLOW REGULATORS

Our range of optional regulators and aerators are an easy, cost effective way to help save water in the bathroom. These add-on products can be used with selected Roper Rhodes showers and taps to reduce your water consumption and so help save money too.

## ECO1 SHOWER FLOW REGULATOR

Suitable for showers and bath shower mixers displaying **ECO<sup>1</sup>**

**6 LITRES/MIN SHOWER FLOW REGULATOR**  
FR01 £7.40

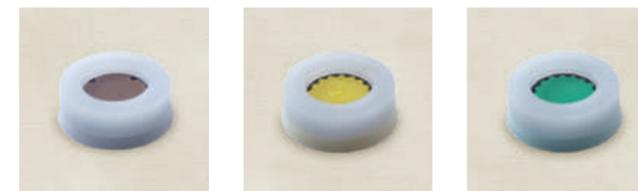

**8 LITRES/MIN SHOWER FLOW REGULATOR**  
FR02 £7.40

**10 LITRES/MIN SHOWER FLOW REGULATOR**  
FR03 £7.40

- Mount between the valve and hose for shower valves with handsets or on your bath shower mixer
- Mount between head and arm on your fixed showerhead
- Please note: we do not recommend the use of regulators with bath taps or fillers as you will want your bath to fill as quickly as possible

## ECO2 BASIN TAP FLOW REGULATOR

Suitable for pairs of taps displaying **ECO<sup>2</sup>**

**3 LITRES/MIN BASIN TAP FLOW REGULATOR**  
Recommended for commercial use only  
FR07 £3.00

**5 LITRES/MIN BASIN TAP FLOW REGULATOR**  
Recommended for commercial use only  
FR08 £3.00

**7 LITRES/MIN BASIN TAP FLOW REGULATOR**  
Recommended for household use only  
FR09 £3.00

- Install into the inlet of the tap
- One required for each tap, therefore please purchase in pairs
- Available in a range of flow ratings

## ECO3 BASIN MIXER TAP FLOW AERATOR

Suitable for taps displaying **ECO<sup>3</sup>**

**1.7 LITRES/MIN BASIN MIXER FLOW AERATOR**  
Recommended for commercial use only  
FR04 £6.40

**3.5 LITRES/MIN BASIN MIXER FLOW AERATOR**  
Recommended for household or commercial use  
FR05 £6.40

**5 LITRES / MIN BASIN MIXER FLOW AERATOR**  
Recommended for household use only  
FR06 £6.40

- Produces aerated water flow
- Simple to install into the aerator housing of a basin mixer
- Available in a range of flow ratings

# BATH FILLER OPTIONS

*If you want to go for a contemporary look and like the idea of keeping the rim of your bath clean and clear then you could opt to fill your bath using a manual mixer valve*

There are lots of designs which complement our basin mixers, so choose one to use in combination with a wall mounted bath spout or Smartflow bath filler. A diverter mixer valve will give the additional option of having a bath mounted shower handset, great for rinsing hair or cleaning the bath.

## WALL MOUNTED BATH SPOUTS

**Wall mounted spout**  
Chrome finish

T201402 £94.00

**Sign wall mounted spout**  
Chrome finish

T171402 £94.00

## SMARTFLOW BATH FILLERS

Mounted on the inside of the bath, the Smartflow acts as a combined filler and overflow and comes with a click waste. It can be used with a manual mixer valve as a simple bath filler, or connect it to a diverter valve to control both bath and shower outlets.

**Smartflow bath filler (round)**  
Chrome finish

SVACS02 £122.50

Chrome finish

T221505 £98.00

**Square bath mounted shower kit**  
Chrome finish

T131502 £98.00

# SHOWERS

*Our shower collection covers everything that you could be looking for. Either keep life simple & go for a complete ready to install shower system or choose a thermostatic valve & build your own bespoke shower experience. Choose your shower components from a wide choice of styles from ceiling mounted fixed shower heads to riser rails and handsets, then maybe even add a bath filling solution too.*

*For those who like to keep their bathroom design streamlined, all shower systems and valves have coordinating tap ranges.*

## SHOWERS FEATURES

Our showers not only look great, they are designed with safety in mind and built to the highest quality standards. There are added features too, such as Air-drive handsets which create a water-saving aerated bubble spray whilst enhancing your shower experience, and push button valves giving you complete control of the showering function at the push of a button. Look out for the features below.

### TMV2 - THE SAFE CHOICE

TMV stands for thermostatic valves which are a safeguard against accidental scalding. You can be assured that your Roper Rhodes valve has been engineered to the highest manufacturing standards and certified by the TMV2 scheme for domestic showers or tested to an equivalent standard.

### WRAS

Relevant products have been tested rigorously by the WRC (Water Regulatory Council) and comply with the Water Regulations Advisory Scheme. The extensive approvals process ensures that all our showers use safe, mechanically tested materials.

### ECO 1

Showers and accessories with this symbol are compatible with our optional water and energy saving shower flow regulators. See page 189 for further details.

### AIR-DRIVE

Air-drive handsets create an aerated bubble spray which uses less water without compromising your shower experience.

### LED

Our LED fixed shower head features water temperature indicators that create a light effect. Powered by kinetic energy generated from the running water, there's no need for complicated electrical wiring.

### TEN YEAR GUARANTEE

Such is our confidence in the quality of our shower valves we offer a 10 year guarantee which includes the thermostatic valve.

### PUSH BUTTON CONTROL

Precise, ergonomic controls enable you to switch between showering functions using push to operate buttons.

## TECHNICAL INFORMATION

For further technical information on all Roper Rhodes shower products, including fitting instructions, aftercare documents and additional features and benefits, visit [roperrhodes.co.uk](http://roperrhodes.co.uk)

# EVENT-CLICK

*Turning the everyday task into something more luxurious, Event-Click offers precise temperature control, and delivers an indulgent and relaxing shower experience at the touch of a button. Perfectly suited to the modern bathroom, the Event-Click shower valve and matching accessories are available in either all chrome or chrome & white to blend effortlessly into any contemporary scheme.*

Event-Click  
shower system chrome  
SVSET120

## DISCOVER EVENT-CLICK... AT THE TOUCH OF A BUTTON

Event-Click combines Swiss engineering componentry with easy to use push to operate buttons.

Precise ergonomic controls enable you to simply change the showering function at the push of a button ideal for the whole family.

Enjoy the choice of 3 invigorating spray functions, whether it's an energising shower stream to a more massaging sensation, you are only one click away from total relaxation.

Flow control naturally combines safe showering to give reassurance for all the family. The valve comes with a preset maximum temperature and an automatic shutdown feature to avoid scalding, should there be any disturbance in the water pressure, giving you total peace of mind.

Intuitive and practical on/off flow control

# EVENT-CLICK

**Event-Click shower system chrome**

- Dual function thermostatic shower valve
- 460mm adjustable brass fixed arm

### THERMOSTATIC VALVE FEATURES

- Easy to use separate flow and temperature control
- Automatic shut down if cold water pressure should suddenly fail
- Precise thermostatic control
- Resistance to limescale build up
- Chrome plated brass cover plate
- Designed so they can be mounted horizontally or vertically, to suit your bathroom.

**Event square dual function shower system with stainless steel fixed shower head**

SVSET41

**10** All Roper Rhodes valves come complete with a 10 year guarantee which includes the thermostatic cartridge

Aim dual function shower system with fixed head & riser rail

SVSET96

Aim dual function shower system with shower head & handset

- Dual function thermostatic shower valve
- 460mm adjustable brass fixed arm
- 250mm stainless steel shower head
- Air-drive five function shower handset
- Brass shower hose, outlet elbow with shower handset holder & valve cover plate

Minimum pressure 0.5bar

SVSET95 £540.00

Aim dual function shower system with fixed head & riser rail

- Dual function thermostatic shower valve
- 460mm adjustable brass fixed arm
- 250mm stainless steel shower head

### Wessex single function exposed shower system

- Thermostatic sequential shower valve
  - Height adjustable rigid riser rail with flow control to shower head
  - Overall system height 1110mm, rigid riser rail can be cut to height
  - 200mm shower head
- Minimum pressure 0.3bar

SVSET66 £610.00

### Wessex dual function exposed shower system

- Thermostatic sequential shower valve
  - Height adjustable rigid riser rail with separate flow control to shower head and handset
  - Overall system height 1237mm, rigid riser rail can be cut to height
  - 200mm brass shower head
  - Single function brass shower handset
  - Brass shower hose
- Minimum pressure 0.5bar

SVSET67 £670.00

### THERMOSTATIC VALVE FEATURES

- Easy to use separate flow and temperature control
- Automatic shut down if cold water pressure should suddenly fail
- Precise thermostatic control
- Resistance to limescale build up

# HENLEY

If you are aiming for a more period look for your bathroom, selecting one of our traditional Henley shower systems will add just the right finishing touch. Packed full of features there is no compromise.

All Factor valves are WRAS & TMV2 approved, and come complete with a 10 year guarantee

# SPECIFY YOUR OWN SHOWER SYSTEM

If designing your shower system to meet your own specific needs & style is more your thing then use this guide to help select the right thermostatic valve for the job. Then browse the following few pages to select from the different shower system components available & build a system which is bespoke to you.

Do you prefer a concealed or exposed shower valve? Exposed valves are generally easier to install, especially if you are installing on an outside wall or in an older property.

If you have the luxury of designing your new bathroom from scratch or are installing in a newer property then you may prefer the more streamlined look achieved when using a concealed shower valve. Depending on your bathroom design, concealed valves have the added benefit of being able to be sited away from the shower head, so you can turn on the water without standing under the flow.

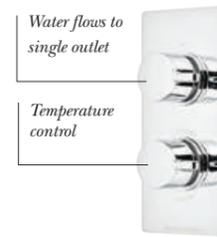

Do you want to control water flow to one shower system component, two or even three? This will dictate whether you need a single function, dual function or triple function shower valve.

Multi-function valves can be used to control water flow to a bath mounted shower handset, great for rinsing hair or cleaning the bath. Alternatively use with a bath spout or Smartflow filler to fill your bath at the perfect consistent water temperature. Simply turn it on, run your bath then relax.

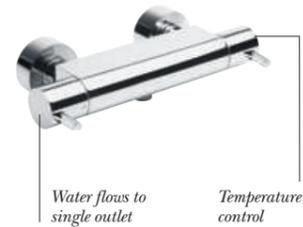

## FOR CONTROL OF 1 SHOWER COMPONENT:

Single function concealed valve

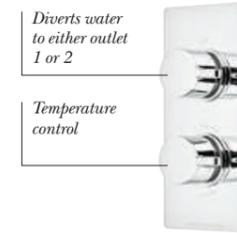

Single function exposed valve

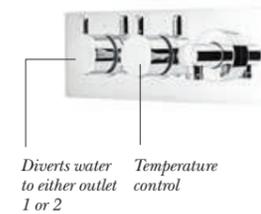

## FOR CONTROL OF 2 SHOWER COMPONENTS:

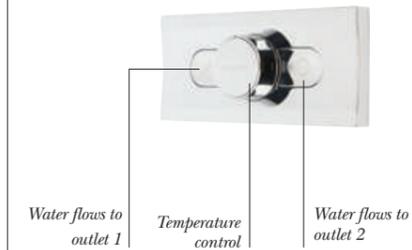

Dual function concealed diverter valve

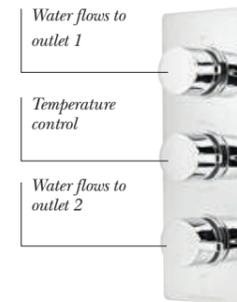

Dual function concealed diverter valve with outlet/ handset holder

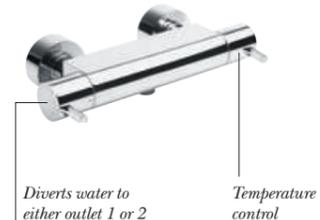

Dual function push button concealed control valve

Dual function concealed valve (Storm / Factor)

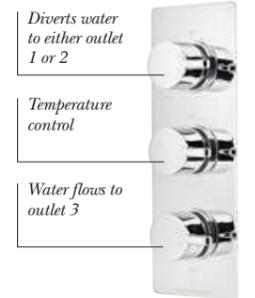

Dual function exposed diverter valve

## FOR CONTROL OF 3 SHOWER COMPONENTS:

Triple function concealed diverter valve

## AVAILABLE SHOWER SYSTEM COMPONENTS

1 Shower handset & riser rail kit

2 Fixed shower head

3 Wall mounted spout

4 Smartflow bath filler

5 Bath mounted shower kit

SVARM05 £61.80

# BATH FILLERS & SHOWER HANDSETS

# SHOWER HANDSETS

## SMARTFLOW BATH FILLERS

With a Smartflow bath filler water runs into your bath through the filler rather than a traditional bath mixer tap. Mounted on the inside of the bath, the Smartflow acts as a combined filler and overflow and comes with a click waste. It can be used with a manual mixer valve as a simple bath filler, or connect it to a diverter valve to control both bath and shower outlets.

**KIT POWE**  
Product Designer

*Brighten up your bathroom with one of our stunning mirrors or mirrored cabinets, with a host of useful features to choose from.*

*Keeping things steam-free is a big bonus for a bathroom mirror. If you love a soundtrack to accompany you wherever you go, then why not bring your music into the bathroom with **Bluetooth®** technology or **Spotify Connect®**. Be in control of your lighting by choosing a cabinet or mirror that allows you to adjust both the intensity & warmth of illumination to suit the time of day or task in hand.*

*Take a browse through our extensive collection to find the perfect choice for you.*

# Mirrors & Cabinets

# MIRRORS & CABINETS

*A Roper Rhodes illuminated mirror will liven up any bathroom, whether its creating that unique bathroom environment or singing along to your favorite songs, the choice is yours. All our mirrors are easy to install & many can be mounted landscape or portrait to suit your bathroom layout.*

*For those occasions when additional storage is required, our extensive cabinet offering is a great alternative. Packed full of useful features such as heated demister pads, charging sockets, wireless music & integrated lighting. A Roper Rhodes cabinet more than deserves a place in your bathroom.*

Circular LED Mirror

# MIRRORS

Our collection of illuminated mirrors are beautifully designed & come with a host of clever features such as **Bluetooth®** or **Spotify Connect®** for all your favourite songs.

Create the perfect bathroom environment, adjusting the LED brightness & colour temperature to suit your mood. Heated demister pads keep things steam-free while practical charging sockets will ensure that you have power where you need it. Browse our collection & choose the features that matter the most to you.

## Customise your bathroom lighting

With LED intensity and colour temperature control

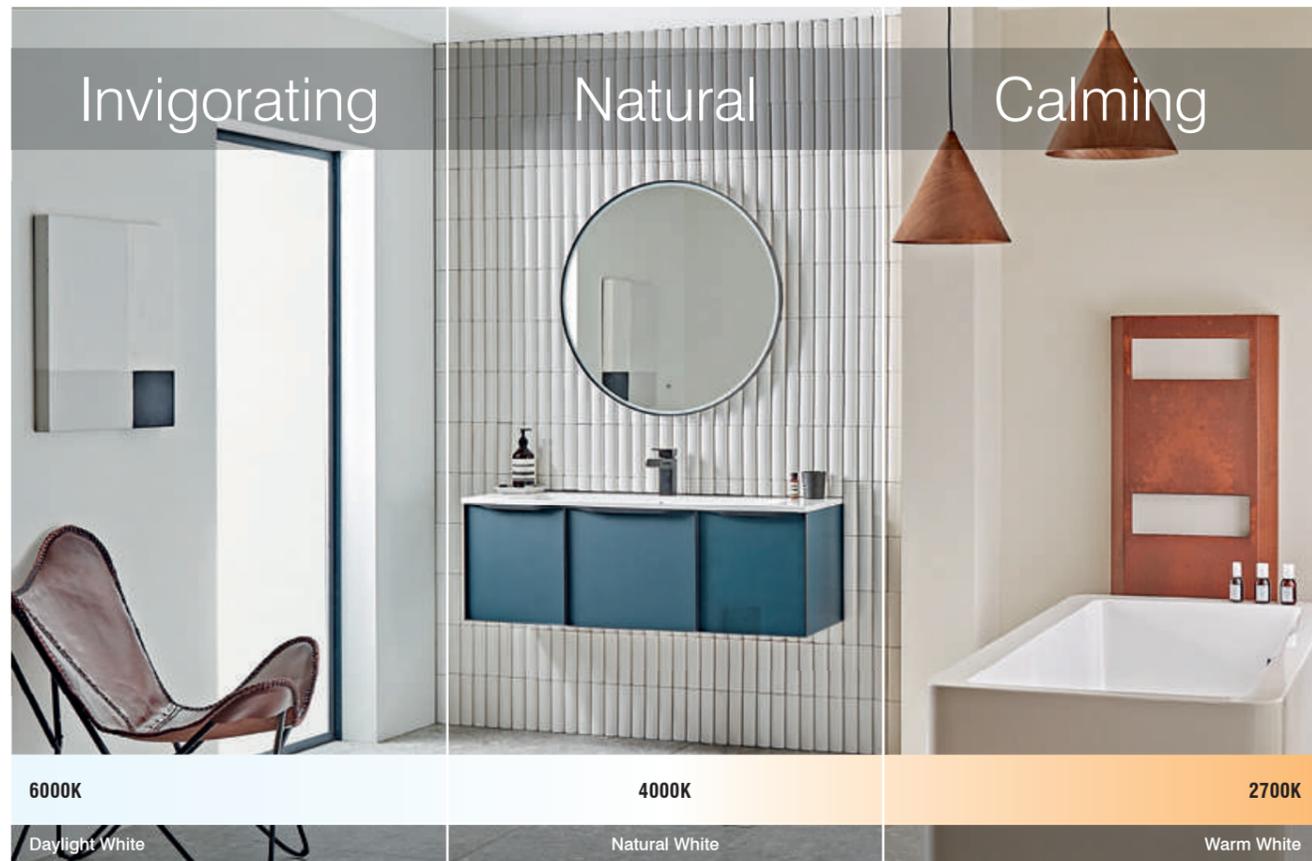

Clever sensors on some of our mirrors not only let you choose the intensity but also the warmth of the LED lighting to suit your mood, the time of day or the specific task in hand.

So why not wake up to a bright, invigorating light in the bathroom

when taking your morning shower to help get you going? Choose a natural light when applying make-up. Then calm things down in the evening with dim, warm lighting when preparing for bed.

You'll wonder how you managed without it!

Look for the **DIMMABLE & COLOUR CHANGING LEDS** symbol.

- 

**INFRARED SWITCH**  
Easy to use, an infrared switch allows you to control the mirror with just the wave of your hand, without touching it!
- 

**LED LIGHTING**  
Energy efficient LEDs provide high quality, bright practical task lighting whilst being 80% more efficient than older fluorescent and incandescent lights.
- 

**DIMMABLE AND COLOUR CHANGING LEDS**  
Flexibility to create the perfect bathroom environment adjusting the LED brightness and colour temperature from Warm White (2700K) to Daylight White (6000K).
- 

**HEATED DEMISTER PAD**  
Maintain a steam-free mirror reflection in the bathroom with an integrated heated demister pad.
- 

**USB CHARGING SOCKET**  
With the growing number of USB bathroom electronics, this easily accessed USB charging socket keeps your devices fully charged.

- 

**CHARGING SOCKET**  
Conveniently positioned, this charging socket, keeps your electric shaver or toothbrush fully charged, ready to use.
- 

**SPOTIFY CONNECT®**  
Play your favourite Spotify® songs through your Wi-Fi mirror, enjoying high-quality sound seamlessly in the bathroom without missing a beat.
- 

**BLUETOOTH® WIRELESS TECHNOLOGY**  
Integrate your favourite music seamlessly into your bathroom with **Bluetooth®** wireless technology.
- 

**IP44**  
Mirrors indicated with this symbol are IP44 rated, making them suitable for use within zone 2 of the bathroom. For more information please see the technical information on page 293.

**FURTHER TECHNICAL INFORMATION**

# ULTRA SLIM DEPTH MIRRORS

Create a discreet modern ambience with our ultra slim mirror collection, being some of the slimmest LED illuminated mirrors available.

## Features

- Multi function infrared switch controlled by contactless hand movements
- Adjustable LED brightness and colour temperature to create tailored bathroom experiences, from an invigorating morning Daylight White (6000K) to a comforting evening Warm White (2700K)
- Ultra slim design – can be fitted on painted bathroom walls for an overall depth of 17mm or tiled in for a flush fitting finish
- Flexible installation – can accommodate any thickness of tile or wall cladding
- Heated demister pad prevents mirror steaming up
- Can be hung portrait or landscape
- IP44 rated

**Important:** The control module for the ultra slim mirror must be recessed behind the mirror. This requires the creation of an opening within the wall approximately 160(w) x 275(h) x 40(d)mm directly behind the mirror. For further information please see our website for detailed installation instructions.

### Ultra Slim Mirror 500/700

The diffused outer edge of Eminence provides both practical forward facing task lighting and soft background ambient lighting for the bathroom.

Eminence

# ILLUMINATED MIRRORS

A sleek addition to your bathroom, the System illuminated mirrors feature softly rounded corners & a slender profile for a pared-back, contemporary look.

## Features

- **Coordinating with System Furniture**  
The soft rounded corners of the mirror complement the curvature of the furniture to create a balanced aesthetic.
- Multi function infrared switch controlled by contactless hand movements
- Adjustable LED brightness and colour temperature to create tailored bathroom experiences, from an invigorating morning Daylight White (6000K) to a comforting evening Warm White (2700K)
- Heated demister pad prevents mirror steaming up
- Can be hung portrait or landscape
- IP44 rated

### Important

When mounting mirrors with infrared sensors, the sensor must be at least 150mm from an adjacent wall or obstruction to ensure the sensor can function properly.

**Infrared Sensor**  
The position of infrared sensors is indicated on each mirror with this symbol.

# CABINETS

When additional storage is required, our extensive cabinet range has the solution. Whether it's styling a discreet recessed design, creating a unique bathroom lighting experience or singing along to your favourite morning playlist.

The heated demister pads provide a mist free reflection, whilst conveniently positioned charging sockets keep your entire set of bathroom electronics fully charged & ready to use. With a host of designs & sizes to boost any bathroom, the choice is yours.

## Customise your bathroom lighting

With LED intensity and colour temperature control

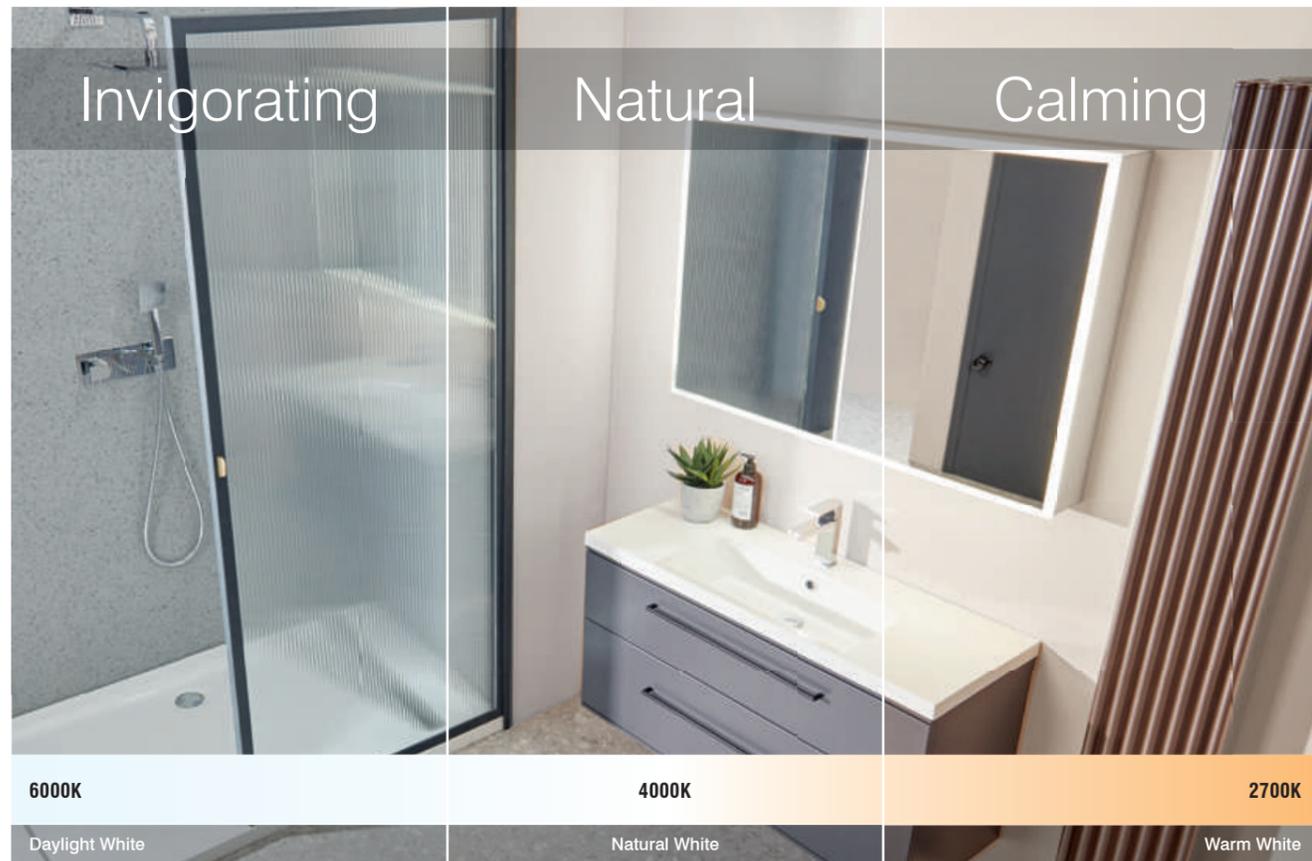

Clever sensors on some of our cabinets not only let you choose the intensity but also the warmth of the LED lighting to suit your mood, the time of day or the specific task in hand.

So why not wake up to a bright, invigorating light in the bathroom

when taking your morning shower to help get you going? Choose a natural light when applying make-up. Then calm things down in the evening with dim, warm lighting when preparing for bed.

You'll wonder how you managed without it!

Look for the **DIMMABLE COLOUR CHANGING LEDS** symbol.

- 

**INFRARED SWITCH**  
Easy to use, an infrared switch allows you to control the cabinet with just the wave of your hand, without touching it!
- 

**LED LIGHTING**  
Energy efficient LEDs provide high quality, bright practical task lighting whilst being 80% more efficient than older fluorescent and incandescent lights.
- 

**DIMMABLE AND COLOUR CHANGING LEDS**  
Flexibility to create the perfect bathroom environment adjusting the LED brightness and colour temperature from Warm White (2700K) to Daylight White (6000K).
- 

**HEATED DEMISTER PAD**  
Maintain a steam-free mirror reflection in the bathroom with an integrated heated demister pad.
- 

**USB CHARGING SOCKET**  
With the growing number of USB bathroom electronics, this easily accessed USB charging socket keeps your devices fully charged.

- 

**CHARGING SOCKET**  
Conveniently positioned, this charging socket, keeps your electric shaver or toothbrush fully charged, ready to use.
- 

**BLUETOOTH® WIRELESS TECHNOLOGY**  
Integrate your favourite music seamlessly into your bathroom with **Bluetooth®** wireless technology.
- 

**IP44**  
Cabinets indicated with this symbol are IP44 rated, making them suitable for use within zone 2 of the bathroom. For more information please see the technical information on page 293.
- 

**SOFT CLOSE**  
Most of our cabinets feature soft close doors to ensure quiet and controlled closure of the bathroom cabinet.

**FURTHER TECHNICAL INFORMATION**  
For further technical information on all Roper Rhodes cabinets, including fitting instructions and aftercare documents, visit [roperrhodes.co.uk](http://roperrhodes.co.uk)

*Safety zones & electrical information for your bathroom*

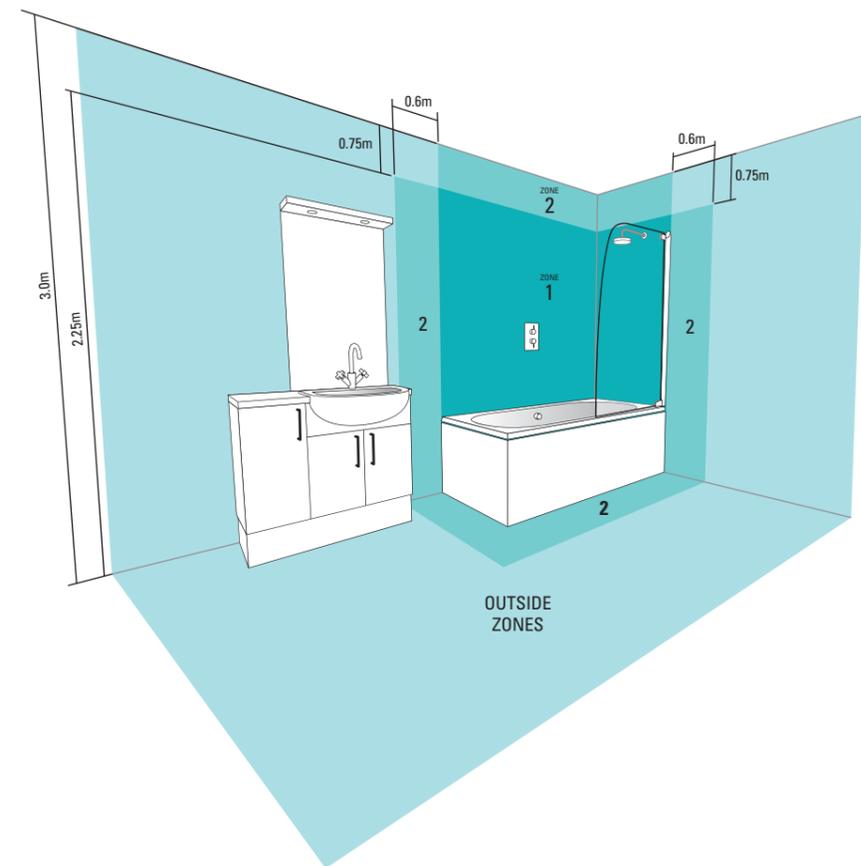

## ZONES FOR ELECTRICAL EQUIPMENT IN CLOSE PROXIMITY TO BATH AND SHOWERS

Roper Rhodes illuminated mirrors and aluminium cabinets have been independently tested for compliance with electrical equipment safety regulations. Products shown with this icon below are IP44 rated and are suitable for use in zone 2 and outside zones in the bathroom.

## IMPORTANT NOTES

Illuminated mirrors and cabinets must be mounted so that the sensor switch is a minimum of 150mm from any adjacent wall or obstruction to ensure function of the sensor switch.

|               |   |               |   |                      |  |
|---------------|---|---------------|---|----------------------|--|
| <b>ZONE 1</b> | Electrical fittings in this zone require separated extra low voltage and a minimum rating of IP44 (splash-proof). | <b>ZONE 2</b> | Electrical fittings in this zone require a minimum rating of IP44 (splash-proof). | <b>OUTSIDE ZONES</b> | Electrical fittings in this zone require a minimum rating of IP20. |
|---------------|---|---------------|---|----------------------|--|

**PETER LINDELL**  
Product Designer

*For the best seat in the house choose Roper Rhodes, the UK's leading supplier of seats. Our extensive range offers useful design features, such as quick release for easy cleaning. In hard-wearing finishes with comfortable styling, our seats look good and stay that way. And that's the bottom line.*

*When it comes to bath panels ours use the latest in modern materials and designer thinking to complement your bathroom style. The humble bath panel elevated to an art form.*

# Seats & Panels

# TOILET SEATS

The UK's leading supplier of toilet seats, with an extensive range including thermoset plastic seats made from a highly durable material capable of withstanding heavy household usage.

Our toilet seat collection also has a number of solid wood seats made using the finest timber from sustainable sources and benefit from reinforced rings and hidden wood dowels for outstanding rigidity and strength. Also available are wood veneered and painted MDF seats.

## FEATURES

### LIFETIME GUARANTEE

A wide selection of our toilet seats include a lifetime guarantee against seat breakages.

### QUICK RELEASE HINGES

Easy to operate quick release hinges are featured on some toilet seats, allowing the seat to be lifted away easily, leaving clear access to clean hard to reach surfaces.

### TOP FIX HINGES

Some seats feature a special 'top fix' hinge allowing them to be quickly and easily installed on modern WC pans.

### ANTI-BACTERIAL PROTECTION

An environmentally friendly built-in additive provides a hygienic finish to a number of our toilet seats which also protects against bacteria, fungi and microbes.

### SOFT CLOSE HINGES

The hydraulic hinge mechanism ensures controlled and quiet closure of the seat lid and ring. Mechanisms are extensively tested to ensure long life.

Corner posts for 1700mm x 750mm baths

Corner posts for 1800mm x 800mm baths

# CUSTOMER SERVICE & AFTERCARE

*As one of the UK's largest suppliers of bathroom furniture & accessories, we set very high standards in design, manufacture & service. We also invest heavily in product improvement & innovation. By choosing Roper Rhodes, you can be confident that your product is of unrivalled quality.*

## GUARANTEES

Many of our products carry lengthy guarantees. Our furniture, showers and taps carry 10 year guarantees whilst some of our seats have a lifetime guarantee. Please see individual product sections for details. Guarantees are for domestic use only and are not transferable.

## REPLACEMENT PARTS

We carry extensive stocks of replacement parts and are normally able to dispatch spares within 24 hours of your request. Attention is drawn to the policy of replacing any damaged part with a spare part where possible. Complete exchanges will only be made if damage is extensive.

## PRODUCT SPECIFICATION

Roper Rhodes Ltd reserves the right to amend the specification of its products at any time if an opportunity to improve the product occurs. All dimensions are approximate and are quoted within reasonable tolerances.

## PRICING

All prices quoted are inclusive of Value Added Tax, which will be charged at the rate applicable on the date your product is despatched. The prices charged will be those ruling at the date of despatch and Roper Rhodes cannot be held responsible for any errors or omissions in this brochure.

## HOW TO CONTACT US...

If you need to contact us, our experienced in-house customer service team has a wealth of knowledge about our products.

01225 303900  
sales@roperrhodes.co.uk

Monday to Thursday - 9:00am - 5:30pm  
Friday - 9:00am - 5:00pm

## SWATCH SAMPLE SERVICE

If you would like to request a finish swatch sample (maximum of 3), simply contact a member of our customer service team who will be happy to assist with your request.

## CABINETS & MIRRORS BROCHURE

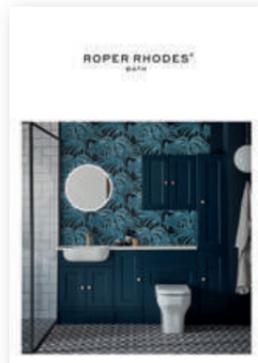

There is a dedicated Roper Rhodes cabinets & mirrors brochure available. Please ask your retailer for a copy, or visit the Roper Rhodes website to download a PDF version.

[roperrhodes.co.uk/brochures](http://roperrhodes.co.uk/brochures)

## FITTED FURNITURE BROCHURE

The Roper Rhodes collection also includes a fitted furniture option. Please ask your retailer for further details and a copy of the brochure, or visit the Roper Rhodes website to download a PDF version.
